Product # W1A56A#BGJ

Winning in business means working smarter. The HP LaserJet Pro M404 printer is designed to let you focus your time where it's most effective—helping to grow your business and staying ahead of the competition.

Workteams excel with HP's black-and-white office LaserJet printers, which pack extra punch with high-quality results, extra power, and more features.

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at:

It's a great product! I have always used HP laser printers but this one is my favorite, worth the money, prints quick and has option to print both sides.

✔ Yes, I recommend this product.

Can't Go Wrong w HP LaserJet Pro 404dw

D Byington

 Verified Purchaser

a year ago

I was replacing a older HP laser printer that is still in excellent condition but wasn't compatible with new operating systems. This new one was so simple to set up and prints so fast! I'm hopeful it will last as long as my old one which was 20+ years. I would only buy HP printers. Their products and customer support are the best!

✔ Yes, I recommend this product.

Good reliable product.

Sean OC

a year ago

Good reliable product. I really appreciate the high capacity toner cartridge. I'm disappointed that I was not able to get the M404n at the time. But this is what was available, and it's just as good (even though it has extra features that I will never use).
